

Používáme bezdrátové zařízení v rozsahu 488.175 - 664.675 MHz. V případě jejich rušení jiným pódiovým zařízením, požadujeme úpravu frekvencí, nebo vypnutí techniky na straně majitele těchto zařízení.

We use wireless devices in the range 488.175 - 664.675 MHz. In case of interference by other podium equipment, we require frequency adjustment, or shutdown of the technique on the part of the owner of these devices.

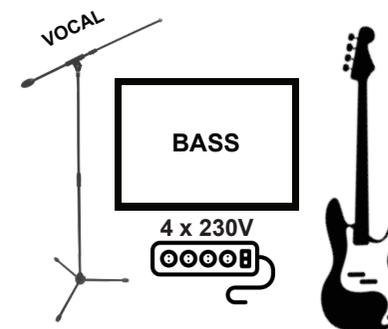

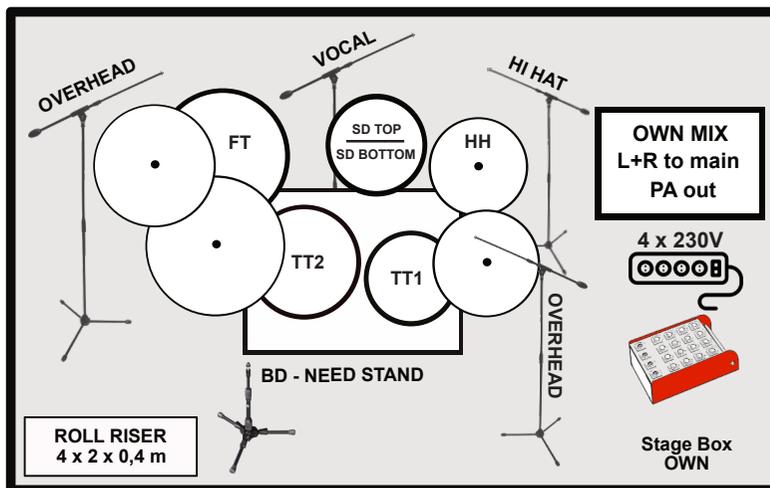

**Possibility to hang a back drop 4x2 m**
